

# CQ PACbuilder

File reports, raise funds, and engage supporters with ease.

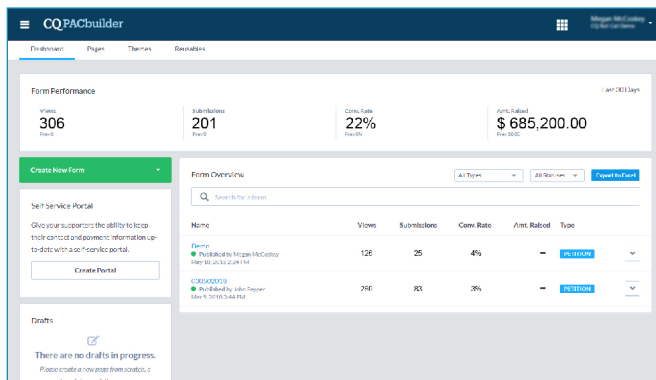

## One system for all your PAC needs

CQ PACbuilder has it all. You can save time and money by combining all of your efforts in a single system. Grow your base, engage them with email and petitions, raise funds, and stay compliant all in one place.

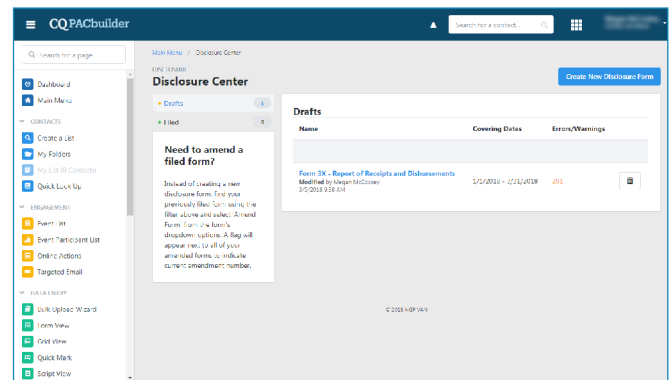

## Powerful, personalized fundraising

With our easy-to-use tools, you can create personalized emails and pages to collect donations. One-click giving makes repeat donations easy so your supporters are more likely to donate again and again.

## Grow and engage your base

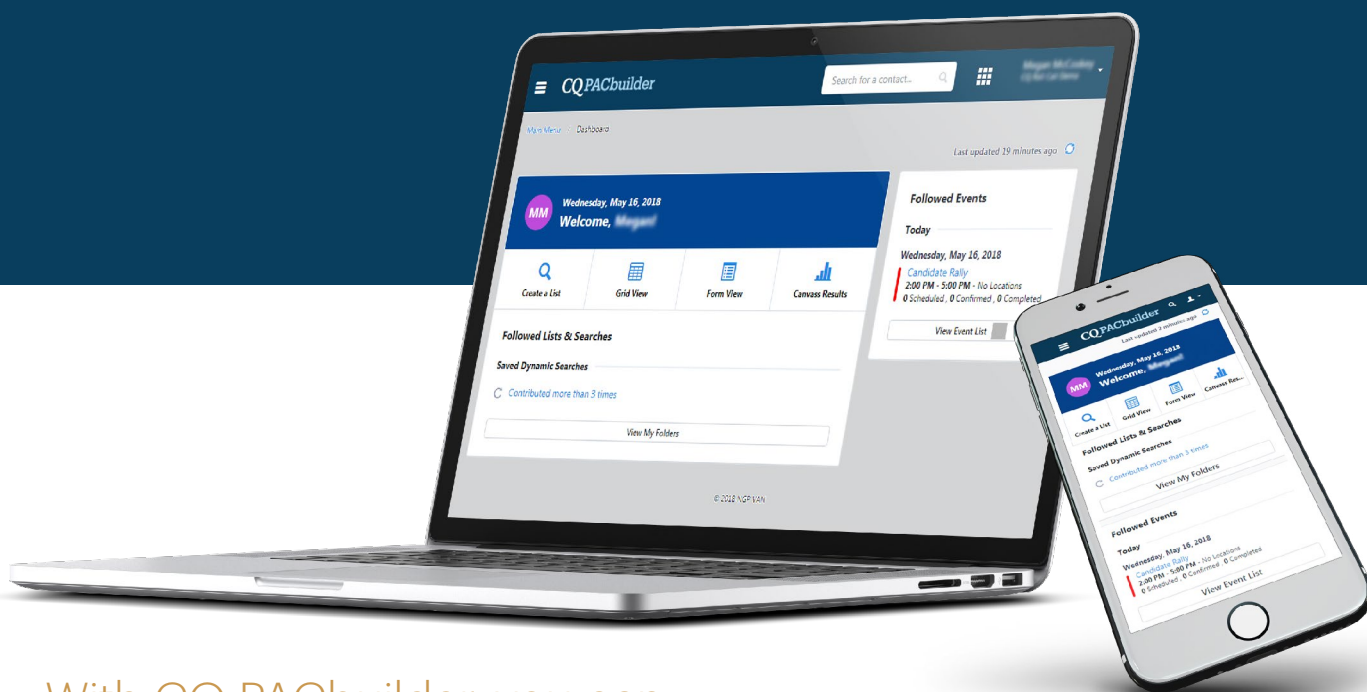

Post ads, build micro-targeted lists, personalize every message, and keep your supporters engaged with the process through events and petitions. Keep all of your data in one place, so you can track your success with ease.

## Compliance in minutes

You don't have time to navigate all of the different reporting requirements of every single place you operate. With CQ PACbuilder, you don't have to. File reports with confidence.

Your mission is important, and we have built our tools around the things you need to do. **CQ PACbuilder** is the most modern, most powerful, and easiest-to-use solution for growing and managing your PAC.

## With CQ PACbuilder, you can:

- Save time by managing everything from a single, unified dashboard.
- Stay compliant with all requirements by filing reports quickly and easily in nearly every state and all FEC reports.
- Get built-in security features like audit trails for accountability, error flags for incorrect data entries, and permissions that limit user access.
- Manage online and offline donations in a single solution.
- Micro-target supporters based on any parameters you have, including occupation, location, previous donations, volunteer activity, and more.
- Add your own custom tags to make your lists even more targeted.
- Quickly create call lists and scripts with detailed information and personalized donation asks.
- Send emails as quickly as you can type them.
- Make your emails more effective by inserting personalized information including your own custom tags.
- Create equally customized donation pages quickly and easily.
- Manage volunteers and events.
- Sync your calendar and set reminders for upcoming activities.
- Assign users to varying permissions levels.
